THE BOLD LOOK
OF **KOHLER**®

Kohler Fixtures in London: the Imperial Bath, the Belmore Lavatory, the Kensington Toilet

For bathrooms glorious in color

America discovered the bathroom—and glazes it! And now comes Kohler Colorware, bringing upon this room an added charm and dignity. Some bathrooms may be glorious in color. With fixtures in beautiful shades of lavender, blue, ivory, brown, green, grey—delicate yet amazingly permanent...
Different bathrooms, you will perceive, may be done in different color schemes, each with its individual charm and character. Yes, lavatory, toilet—all contribute to the harmonious ensemble, for Kohler fixtures in both enamel and vitreous ware are now made in color. Kohler fittings in softly hued chrome-plated glass add the final touch of perfection. Color means Kohler. To appreciate this new beauty you must see Kohler fixtures. Visit a Kohler showroom if you care—for a true perspective thereof. And consult your plumber. He will tell you that a bathroom fixture is color—Color Means Kohler—the bathroom!

in Kohler Colorware units little more than one in white... Match the colors for glimpses of bathrooms in all the Kohler Cities.
KOHLER CO., Kohler, Wis.
Charlotte, Fla. and for most leaders of plumbing stores in color—Color Means Kohler—the bathroom!

THE BOLD LOOK OF KOHLER.

What John Michael Kohler saw in 1883 when he looked at a cast-iron horse trough was the bathtub that launched a global plumbing company. That pioneering spirit of ingenuity – the kind that sees a bathing revolution in a horse trough – has defined Kohler Co. from its earliest days. A visionary, John Michael Kohler understood the importance of innovative design and an uncompromising commitment to craft and quality. After four generations, we remain a family-owned company, with over 26,000 products and 13,000 patents to our name. Still leading the industry in innovation and quality. Bolder than ever.

KOHLER® collections make bathroom design simple and beautiful. Our matching fixtures and faucets take the guesswork out of creating a look you love. You can feel confident designing your master bath or powder room because Kohler designers have done all the thinking for you. Whether you're a seasoned designer or a novice, our collections invite you to explore possibilities. Each collection can be a complete design solution or a solid starting point for mixing and matching and introducing your own personal touch. With styles that suit any home from contemporary to traditional, you really can't go wrong.

You can catch up on the latest design trends and learn more about our products when you visit [us.KOHLER.com](https://www.us.kohler.com).

Styles to Fit Your Life

Designing a comfortable, tailored space that captures your individual style couldn't be easier with KOHLER® collections. Every detail of our collections – from the flared edge of a pedestal to the geometric line of a faucet – is crafted to create an elegance of continuity as your eye moves from one piece to another. And our wide array of full-line collections helps you match the elements you need with a style you love.

All the Ingredients to Complete Your Ideal Bathroom

We've outlined the basic elements below for you to consider as you design your bathroom. If you have questions as you browse through our collections, we've defined additional terms for each product category on pages 66-69.

Faucets

Our line-matched faucets are available in multiple configurations – single-handle, widespread and centerset – to coordinate with your sink choice. Each faucet reflects the collection's characteristic design lines and details.

To view all contemporary, traditional and transitional faucet options at a glance, see pages 70-71.

Sinks

Several of our collections include a variety of sink options, from Vessels above-counter to under-mount sinks. If you'd like a faucet mounted directly on your sink, be sure to choose either a single-hole sink for a single-handle faucet or a three-hole sink for a centerset or widespread faucet.

Pedestal Sinks

Many KOHLER® collections feature a pedestal sink. Whether you're designing a powder room or a master bathroom, the pedestal sink is a timeless solution. Our pedestal sinks are available in styles from traditional to contemporary.

Furniture

A number of our collections feature furniture components, from petite vanities and console tables to storage towers. Crafted with premium materials designed specifically to endure high humidity, our furniture delivers smart, stylish storage.

Toilets

Our line-matched toilets deliver the same great performance you'll find in all KOHLER toilets. Powerful, clean and efficient, our toilet offering allows you to choose from multiple flushing technologies and water-saving options to meet the needs of your home.

Bath & Shower Faucets

Whether you're designing the bathroom of your dreams or remodeling one, we can help you achieve a tailored, polished look with showerheads, handshowers, bath spouts and valve trim that matches the design aesthetic of your fixtures and faucets.

Mirrors

Select collections feature line-matched medicine cabinets and mirrors. Paired with a pedestal sink or a vanity, a medicine cabinet can offer convenient, coordinated storage.

Accessories

A simple way to add functionality to your bathroom and streamline your space, KOHLER® accessories accentuate the fundamental elements of your faucet design and are available in finishes to match.

Lighting

KOHLER lighting delivers modern elegance and functionality for today's bathrooms. Constructed with premium materials, our sconces and pendants are available in an array of configurations and in styles and finishes to match select collections.

Baths & Whirlpools

Many of our full-line collections provide you with a variety of hydrotherapy options from whirlpools to BubbleMassage™ baths and deep, soaking baths. Many of our bathing products are designed in collaboration with the Kohler Waters Spa to bring you the latest in hydrotherapy experiences.

Shower Bases

Available in a wide array of sizes, colors and configurations, our line-matched shower bases avoid messy grout lines and simplify cleaning. Choose a shower base to accentuate customized walls, such as tile or stone.

Shower Doors

KOHLER shower doors – available in a range of sizes – enhance your bathroom design with handle styles and finishes that match your faucets and accessories. All of our shower doors feature CleanCoat®, a surface treatment which creates a protective barrier making it easier to remove hard water spots.

Defining Your Style

Our collections have been influencing design since 1929 when the Metropolitan Museum of Art included a KOHLER® collection in its “Modern Bathroom” exhibit. Researching architectural and design styles and trends, our designers continue to create collections that reflect and accommodate the wide range of contemporary to traditional homes that exist today. So whether you’re remodeling an Arts and Crafts bungalow or outfitting a prefabricated beach house, you’ll find a KOHLER collection that resonates with the design philosophy of your home. The style chart below will help you get started. See pages 70-71 to explore complementary faucet collections.

Devonshire®

Capturing the essence of a bygone era, the Devonshire collection brings old-world design to the modern bathroom. The collection's simple, striking combination of curves and lines adds refinement and distinctive visual impact. The bath and toilet continue this interesting juxtaposition of shapes, which is nicely complemented by Devonshire faucets and accessories.

Tresham™

NEW

The American living space is endlessly self-reflexive and paradoxical. Seriously playful. Carefully disorganized. It is steeped in the traditions of classic Americana while embracing a modern eclectic sensibility. Tresham vanities, toilets, sinks and shower bases bring this playful eccentricity, this eclectic elegance, to the American bathroom. Celebrate tradition – with a twist.

Toilets

Furniture

One-Piece

A toilet in which the tank and bowl are manufactured as a single vitreous china fixture. Typically, one-piece toilets have a lower profile than two-piece toilets, and the seamless tank and bowl design is easier to clean.

Two-Piece

A toilet with a separate tank and bowl. Also referred to as “close-coupled.”

Bowl Shape

- **Round-front** bowls require less space and are more comfortable for children.
- **Elongated** bowls provide added room and comfort for adults.
- **Compact** elongated one-piece toilet designs enable an elongated bowl to fit in a round-front space.

Comfort Height®

The height of a toilet bowl (with seat) that stands at the same height as a standard chair measuring between 17" and 19" for maximum comfort and ease when sitting or standing.

Trapway

The channel in a toilet that connects the bowl to the waste outlet. The trapway is where siphonic action takes place, and it's measured in terms of the largest diameter ball that can pass through it. Also referred to as “passageway.”

Vanity

Our console tables and vanities are available in multiple sizes. You may choose from petite vanities ideal for small spaces to full 48" vanities, with a range of sizes between. In addition, modular collections can be configured into combinations from 24" to 84".

Console Table

A beautiful accompaniment to KOHLER® vanity-top sinks, console tables work well in bathrooms where extra storage isn't essential but sophisticated style is. Designs range from clean and crisp to intricate and ornate.

Vanity-Top Sink

Designed to coordinate with KOHLER vanity and console table styles and sizes, vanity-top sinks fit snugly over the entire cabinet or console table and act as both counter and basin.

Medicine Cabinet

Bringing organized storage solutions to the bathroom, our medicine cabinets are roomy, available in multiple sizes and styles, and constructed of quality materials that last. Our medicine cabinets are ideal if you need quick, easy access to your toiletries.

Bathing

Drop-In

Fixtures designed for drop-in installation have a self-rimming edge that rests on the material – such as tile or stone – that surrounds your whirlpool or bath.

Alcove

An alcove is a recessed nook or area within a room. Fixtures designed for corner or three-wall alcove installation feature unfinished exteriors and tile flanges on two to four sides. Many of these fixtures include an integral apron to complete the design.

Under-Mount

Creating a clean, contemporary look, under-mount installation is perfect for designing a quiet, spa-like bathroom space. The deck of the bath is mounted beneath your choice of deck material, such as tile, solid surface or natural stone.

BubbleMassage™

BubbleMassage technology pushes air through airjets positioned along the perimeter of the bath, creating thousands of bubbles for a range of tactile and visual sensations.

Whirlpool

KOHLER® whirlpools deliver powerful directed massage with jets that are fully adjustable in direction and massage intensity.

Shower Bases and Doors

Shower Base

KOHLER shower bases are available in a wide range of shapes from square to neo-angle and corner, along with an array of sizes up to 72" – perfect for remodeling. In addition, we offer both acrylic and KOHLER Enameled Cast Iron shower bases in a variety of colors to help you personalize your shower.

Seated Shower

Whether you'd like the comfort of a seat now or you're planning for the future, spacious integrated seats are a smart addition for the shower. An excellent complement to custom walls, our shower bases enhance and highlight the appearance of materials including tile and stone.

Concealed Drain

Select KOHLER shower bases feature the sleek look and added comfort of a concealed drain. This unique design element combines a recessed drain with an attractive removable teak, metal or acrylic drain cover, creating a smooth, more hygienic shower base surface.

Shower Door

We offer sliding, pivot and custom shower doors to enhance a wide range of showering environments. All KOHLER doors feature CleanCoat® technology – a surface treatment that makes it easier to remove hard water spots by creating a protective barrier that repels water and prevents dirt and water minerals from collecting.

Glossary of Terms

Sinks

Pedestal

A stand-alone fixture, the pedestal sink features a generous basin available in multiple sizes and styles to complement other fixtures. These sinks offer a clean, distinctive look that works well in small bathrooms, making a small space feel more open.

Wall-Mount

These sinks attach to the wall and often include a shroud to help cover piping. Convenient for small bathrooms where additional floor space is useful.

Vessels and Wading Pool®

Vessels sinks are freestanding basins that rest on the counter – a dramatic centerpiece for any bathroom. Wading Pool above-counter sinks, unique to Kohler, accentuate the movement of water.

Under-Mount

These sinks mount beneath the counter to create a seamless counter-to-basin transition. Sleek style and ease of cleaning give this installation type its appeal.

Drop-In

Drop-in sinks have a rim or lip that rests on the counter while the basin rests below. Ideal for remodeling, drop-in sinks can be easily retrofitted to an existing counter.

Vanity-Top

Designed to coordinate with KOHLER® vanity and console table styles and sizes, vanity-top sinks fit snugly over the entire cabinet or console table and act as both counter and basin.

Faucets

Widespread

Widespread faucets feature separate hot and cold handles that are independent from the spout. They can be mounted on the countertop or on sinks with three holes that measure 8" to 16" from one side to the other.

Centerset

Compact and space-efficient, centerset faucets fit sinks with three faucet holes that measure 4" from one side to the other. The spout and handles make up one compact piece.

Single-Handle

Single-handle faucets allow you to control water volume and temperature with a single handle. They're designed for sinks with a single hole, or when combined with an escutcheon plate, for sinks with three centerset holes.

Vessels

Several of our single-handle faucets are available in Tall or Tower models designed to accommodate KOHLER Vessels and Wading Pool above-counter sink installations. Wall-mount faucets offer additional options for above-counter sinks.

Bidet

When you choose a bidet, you'll select one with either a vertical or horizontal spray. Your faucet choice should match your chosen spray. You'll also choose between single-handle, centerset and widespread bidet faucets.

Wall-Mount

Mounted on the wall behind the sink, wall-mount faucets work well with above-counter, wall-mount and under-mount sinks. They provide a streamlined look and help keep countertops clear.

Showering

Showerhead

Our showerhead offering includes a wide selection of multifunction and single-function sprays, including Katalyst® air-induction and water-saving spray options. Most showerheads coordinate with KOHLER® faucet and accessory collections, delivering a complete design solution, and feature an easy-to-clean MasterClean™ sprayface.

Handshower

A great option for the family shower, handshowers can function in place of or in combination with a wall-mounted showerhead. We offer both multi- and single-function handshowers.

Shower and Bath/Shower Trim Sets

Our trim sets for showers and bath/showers take the guesswork out of shower design. Line-matched with KOHLER faucets and accessories, these trim sets provide all the trim components you'll need to create a simple pressure-balancing shower that delivers great performance.

Deck-Mount Bath Valve and Trim

Designed to accompany KOHLER under-mount baths or baths with a faucet deck, our deck-mount bath valves and trim deliver exceptionally smooth operation and precise control over temperature and flow.

Custom Shower Valve Trim

Whether you're designing a multi-component shower or a simple retreat, Kohler offers coordinating valves – thermostatic, pressure-balancing, volume, transfer – and valve trim to help you personalize your shower experience. Our line-matched trim coordinates with faucet and accessory collections.

Finishing Touches

Lighting

Well-chosen lighting can make your grooming experience easier and enhance the look of your bathroom. Some faucets have line-matched lighting, such as Purist® and Devonshire®.

Hardware

Complete the look of your bathroom with coordinating hardware, including drawer pulls and cabinet knobs. Our hardware is available in a range of finishes that match our faucet and accessory collections.

Accessory

Many of our faucets have coordinating accessories, including shelves, towel bars, towel rings, toilet tissue holders, robe hooks and soap dishes. The perfect finishing touch, they're designed to complement your finish and design choices.

PVD Finish

Our Vibrant® PVD finishes work on a molecular level, actually bonding with the faucet for a scratch-, tarnish- and corrosion-resistant finish that lasts a lifetime. As tough as they are beautiful, PVD finishes stand up to wear twice as well as the industry standard.

Add the perfect finishing touch to your bathroom with KOHLER® faucets and accessories. Designed to complement KOHLER fixture collections, our faucets and accessories run the spectrum from truly traditional to clean, modern design. Find the style below that best suits your bathroom, and view all of the coordinating components, from bath/shower trim sets to towel bars, in the *Bathroom Faucets & Accessories* catalog or at us.KOHLER.com.

Color Recipes

Kohler color experts make it easy to personalize your space and bring color to life.

Dune

Recreate the calm tranquility of your favorite spa with the cool tones of Dune. Paired with muted shades of taupe and white, Dune takes on a casual elegance – a great palette to inspire relaxation.

If a retro vibe is what you’re after, consider the strong patterns and rich textures of this Dune palette. The geometric mosaic and deep wood finish transform the bathroom into a smart modern retreat.

Biscuit

This timeless Biscuit palette brings together soft, inviting shades of white and classic materials. A smart match for traditional architectural spaces, the dark wood anchors your space while lighter tones give the room an expansive, bright look and feel.

If you have a bathroom setting that requires a slightly more masculine approach, this Biscuit palette may be ideal. The silver-cream color of the Italian travertine pairs with blue-gray tones to create a sense of moody sophistication.

Ice™ Grey

Shades of gray come together to create a crisp, formal space. Ice Grey fixtures draw out the striations of the White Carrara stone, bringing the right touch of excitement to this quiet, monochromatic palette.

Bring your visits to the Cape home with this coastal palette – fresh nautical blues, sun-bleached wood and sparkling chrome. A modern take on Nantucket quaint, this Ice Grey palette evokes a bright, ever-changing seascape.

If you'd like to learn more about Kohler and our complete product offering, we invite you to take a look at our literature, visit us online or stop by a KOHLER® Showroom.

Literature

Concise and easy to use, our full-line category books inspire you to create beautiful spaces and guide you through choosing kitchen and bath products that are right for you and your home.

In addition, *bold* magazine features ideas we're passionate about, the latest introductions to the KOHLER kitchen and bath lines, as well as a selection of our timeless, classic offerings.

View the full magazine at KOHLER.com/LiteratureStore. There you can download additional category books and brochures. KOHLER literature also can be ordered by calling 800-4-KOHLER.

THE BOLD LOOK

KOHLER'S BOLD LOOK STARTS WITH

RESCUED THE "GO-WITH" COLOR

A bold new play of color for bathrooms and kitchens. Rescued features go beautifully with our background—the tone in which boldness arrives to set all their time. See it all. Bold the coming trends of new life bring with the golden look, your world on golden tones. Being drawn into your kitchen, too, with Kohler's new new life—rescued with the (colorful) Rescued Water color. Kohler's Bold Life for new new kitchens. Kohler Co., Kohler, Wis., USA. 92015.
